HORIZON

Complete Class IV Laser System

✓ Progressive Treatments

A patient can be set-up for a treatment plan. The protocol will vary as the patient progresses through the plan.

✓ Independent Wavelength Control

Each wavelength has a different effect on the body. This allows a condition to receive the optimal therapy.

✓ Automatic Optic Identification

The laser automatically recognizes which optic is being used. This is important from a safety and user experience standpoint.

✓ Phased Protocols

Each protocol is built with multiple phases of wavelengths and pulsing.

✓ Visual Guidance

Motion graphics displayed on screen will guide you through treatments with confidence.

✓ 4 Wavelengths

980nm Improves Circulation
915nm Enhances Oxygen Delivery
810nm Increases ATP Production
650nm Accelerates Surface Healing.

HOW CAN I LEARN TO USE THE LASER SYSTEM?

STEP-BY-STEP TRAINING

01

Initial Training

Start your therapeutic laser journey with live interactive and hands on training where you will learn about using the laser including:

- Navigation System
- Treatment Guidance
- Clinical Applications
- Safety Protocols
- Patient Education
- Treatment Protocols & Pricing

Summus also provides additional resources to prepare you and your staff:

- Online certification course for all staff members
- The Little Red Book, our complete guide to laser therapy treatment protocols, applications and science
- Treatment example videos

02

Ongoing Training

With **SUMMUS ON CALL**, training is at your finger tips. Whether you need a refresher or want to explore topics in depth we are here for you.

- New Staff
- Clinical Advice
- Special Treatment & Conditions

"First of all, I need to say what an **AWESOME** seminar you put on this past weekend. It was incredibly educational and I left with such an amazing amount of information."

-Faith

03

Next Level Training

Laser therapy is always evolving. Summus is committed to staying at the forefront of the industry by continuously providing our customers with advanced research on the trends and applications of laser therapy. We offer:

- Advanced training seminars conducted by our medical directors at locations throughout the U.S.
- Clinical experts available to answer any treatment questions
- Webinars covering a range of topics on laser therapy
- Speaking engagements at local and national industry events
- Educational Podcasts

HOW DO I IMPLEMENT LASER THERAPY IN MY PRACTICE?

BUSINESS MARKETING

Join The Summus Family:

As a part of the Summus Family, we provide you the guidance and materials you need to seamlessly integrate the laser into your practice. With our step-by-step marketing and implementation plan, we help you educate your staff and existing clients, as well as connect to new clients, by providing customized materials you can use immediately in print, web, email, and social media format.

Share the News:

Keep the spotlight on your practice with social media posts. Share the posts straight from the Summus Marketing Team, or customize them to share your success stories!

Educate & Grow your Patients:

Outfit your office to educate your clients using our client brochures and waiting room posters. Then reach your existing clients through emails, letters, and postcards—all of which are included in your marketing kit. When you are ready to connect with new clients, we supply referral cards, press releases and advertisements.

One Touch Access:

We stand with you, when it counts and when you need it. Should you have questions for our marketing team or require assistance with materials, we are one touch away with **SUMMUS ON CALL**.

SUMMUS™

We are relentlessly focused on developing the most advanced therapeutic lasers that provide a non-surgical solution for clinicians to treat pain, reduce inflammation, and aid healing.

15 years in the industry

Summus is a U.S. pioneer in Class IV laser therapy with over 15 years of experience.

Guided by Physicians

Summus product development is guided by physicians, who provide their knowledge of healing into our lasers.

Innovation

Our deep knowledge of therapy lasers and market demands allow Summus to lead an industry to a new horizon.

DOWN TIME IS A THING OF THE PAST

UNPARALLELED SERVICE

Keep your therapeutic treatment schedule humming along seamlessly

Now the highest quality therapeutic laser ever produced is backed by our U.S. service department. All regular service and repairs are covered for the life of your system's warranty.

Instant Answers
