Important Notice:

For customer service calls, it is necessary to have a telephone located within reach of the computer running the Commander Echo System. This is vital during installation and technical support calls as you will need to access the computer while working with our customer service staff. Without a telephone located near the computer, JTECH representatives and support staff will be unable to provide you with proper, timely service. If you have any further questions about computer system requirements for running Commander Echo Downloader, please contact your Sales Representative or JTECH Customer Service at (800) 985-8324.

Note: Windows 95, Windows 98, Windows 2000, Windows ME, Windows XP Home edition are not recommended or supported for Commander Echo Downloader.
