

LASERS &
ACCESSORIES

PLATINUM SERIES™

THE WORLD'S FIRST **SMART LASER**

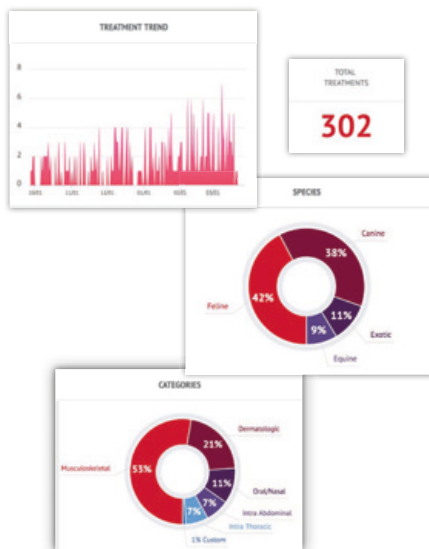

SUMMUS™
MEDICAL LASER

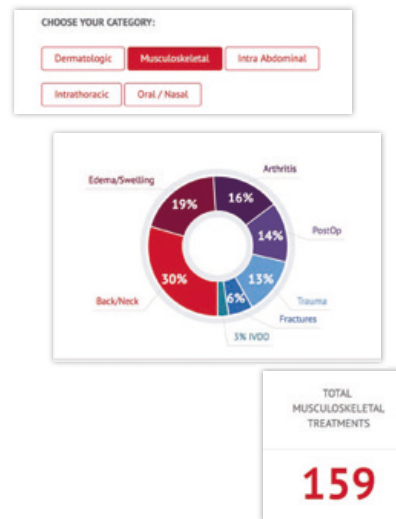

PERFORMANCE TRACKER

The Performance Tracker app is an advanced practice management tool that will ensure your practice's success with laser therapy. No other therapy laser can give you a real-time perspective on how you can better utilize the laser and generate a higher return on your investment.

Who Is Using the Laser?

What Conditions Are You Treating?

How Much Revenue Are You Generating?

PRECISE TREATMENT

Easily and quickly build expert treatment protocols based on your patient's needs and attributes, including:

- Species
- Condition
- Body region
- Chronicity
- Coat color
- Weight

HEAT MANAGEMENT

High internal temperature can destroy lasers, resulting in significantly reduced power output. The Platinum Series' Thermal Management System solves this with:

- Liquid cooled, copper design for faster heat transfer
- Closed system to manage heat consistently
- Whisper quiet fan

PLATINUM[™] 4

24 Watts in CW (28 Watt ISP Peak)

More power, shorter treatments, faster results!

20% Faster Treatment Times

The right combination of power, wavelengths and pulsing delivers an optimal therapeutic dose in less time.

1,300+ Expert Treatment Protocols

Designed and tested by Veterinarians for Veterinarians. Plus, infinite programmable custom protocols.

Performance Tracker App

Maximize your return on investment with this exclusive app that displays real-time data about how each of your staff members are using the laser!

Best-In-Class Warranty

Lifetime diode warranty and 3-year manufacturer's warranty.

2 Hand Piece Lenses

Maximum treatment versatility with our 50 mm broad beam (open lens & curved contact lens).

4 WAVELENGTHS

Provides the broadest array of tissue stimulation and penetration for maximum results.

980_{nm}

Improves
Circulation

915_{nm}

Enhances
Oxygen Delivery

810_{nm}

Increases
ATP Production

650_{nm}

Accelerates
Surface Healing

PLATINUM[™] 4

SPECIFICATIONS

Wavelengths	4 Wavelengths 650nm 810nm 915nm 980nm
Power	24 watts in CW
Peak Power	28 watts in ISP
Hand Piece Tips	2 Hand Piece Lenses: <ul style="list-style-type: none">• 50 mm broad beam - Open lens• 50 mm broad beam - Curved contact lens
Pulsing	1 to 20,000 Hz & ISP
Beam Profile	Homogeneous beam
Battery	<ul style="list-style-type: none">• Up to 2 hours (in-use)• 30-minute recharge time
Technology Platform	<ul style="list-style-type: none">• 7 inch 720p HD touch screen• 6-core processor• Wi-Fi enabled software updates• High powered solid-state diode module
Weight	6.5 lbs.
Dimensions	7.5" (L) x 7.5" (W) x 11" (H)
Warranty	Lifetime diode warranty and 3-year manufacturer's warranty
