HAND AND BODY HYGIENE

PREVENTION AND PROTECTION

HAND HYGIENE IS AN EXCELLENT WAY TO PREVENT THE SPREAD OF INFECTIOUS DISEASE.

SANI-SPEC is an instant hand antiseptic gel used for personal hand hygiene to help prevent the spread of certain bacteria. Kills harmful bacteria or germs. Gel used without water or soap. **SANI-SPEC** is an ideal product for use in hospitals, medical clinics, ambulances, daycare facilities, nursing homes and all other areas where a high level of hand hygiene is required.

INSTRUCTIONS FOR USE

SANI-SPEC is used as part of your daily cleansing routine. Apply a small quantity of **SANI-SPEC**, rub product onto hands and allow to dry. This product is not a substitute to daily hand washings.
